## PROFILE SUMMARY

Passionate React.js developer with 3 years of experience in building responsive, high-performance web applications. Proficient in front-end technologies, component-based design, and developing scalable solutions in the e-commerce and news industries.

## WORK EXPERIENCE

**ICEICO Technologies Pvt Ltd.**                    2021 - 2024
React JS Developer

- Led the development and implementation of comprehensive marketing strategies that resulted in a 20% increase in brand visibility and a 15% growth in sales within the first year.
- Successfully launched and managed multiple cross-channel campaigns, including digital marketing, social media, and traditional advertising, resulting in improved customer acquisition and retention rates.

## PROJECTS

VinzSeeds E-Commerce

- Developed and optimized responsive user interfaces for [Company Product Name], improving page load speed by 35% using React Lazy Loading and Code Splitting techniques.
- Built reusable React components and custom hooks, reducing development time by 25% across multiple projects.
- Integrated third-party APIs and implemented Redux for state management, improving data consistency and reducing bugs across complex applications by 15%.

**UCN News**

- Developed a responsive UI for UCN News with category-based navigation and optimized search functionality.
- Focused on clean design and enhanced user interactions for a seamless browsing experience.
- Ensured full responsiveness across mobile, tablet, and desktop devices.
